

Smart Cyber-Physical Systems – Concertation Event

When? 30 January 2017 (all-day event)

Where? [Bedford Hotel & Congress Centre](#), Brussels

How do I participate? Please register [here](#).

The event is organised by the Horizon2020 projects **Road2CPS**, **TAMS4CPS** and **sCorPiuS** on behalf of the European Commission and is free of charge.

We are pleased to announce the **EU Smart Cyber-Physical Systems Concertation Event** on 30th of January at the Bedford Hotel and Congress Centre, Brussels. It is organized by the coordination actions Road2CPS, TAMS4CPS and sCorPiuS. Please book this event in your calendars. More information will follow soon.

The event will bring together the Cyber-Physical Systems, embedded intelligent systems and advanced computing communities across Europe and is set to reinforce exchange and strengthen the links between the Horizon2020 CPS projects, [Artemis-IA](#), [HIPEAC](#) and the larger CPS community. The event will be a follow-up of the [Smart-Cyber-Physical Systems Clustering and Communication Event](#) held in Vienna on 14th of April 2016 and will gather 15 ICT-1 projects funded under Horizon2020-ICT-1 2014 and 5 new Horizon2020 ICT-1-2016 projects. The findings of the Road2CPS, TAMS4CPS and sCorPiuS projects in the context of a CPS roadmap and collaboration agenda will be put to discussion with the community.

[Road2CPS](#) will present the final **Technology and Application Roadmap**, which identifies and describes the relevant underlying technology fields and related research priorities to fuel the development of trustworthy CPS, as well as the specific technologies, needs and barriers for a successful implementation in different application domains.

[TAMS4CPS](#) fosters strategic EU-US collaboration on modelling and simulation for CPS. The consortium will present the **Strategic Research and Collaboration Agenda**, which has been commonly compiled together with US stakeholders and is supposed to lay the foundation for collaborative activities.

[sCorPiuS](#) will present the final **Research Roadmap**, which identifies and describes the research priorities and issues strategic and technology recommendations for adoption of CPS in Manufacturing, maximizing impact on Large and Small-Medium enterprises.

The final agenda and speakers will be announced in the coming weeks. The event is organized back-to-back with the ARTEMIS-IA Brokerage Event, which will take place in the same premises on 31st of January and 1st February 2017.

We will be delighted to see you there!

Meike Reimann (Coordinator Road2CPS),

Michael Henshaw (Coordinator TAMS4CPS)

Giacomo Tavola (Coordinator sCorPiuS)

Smart Cyber-Physical Systems Concertation Event

Preliminary Agenda, Brussels, January 30th 2017

9:00	Registration	
9:30	Welcome and Introduction	Meike Reimann (Steinbeis)
9:40	EC - Strategy and Vision	Werner Steinhögl (EC - DG Connect)
10:00	Road2CPS final results	Meike Reimann (Steinbeis)
10:30	TAMS4CPS final results	Michael Henshaw (Loughborough Uni)
11:00	Networking coffee / Poster Session	
11:15	sCorPioUS final results	Marco Taisch (Politecnico di Milano)
11:45	HiPEAC Vision	Marc Duranton (CEA)
12:00	CPS Innovation Actions 2014 + RIA 2014 - UnCoVerCPS (RIA) - CPSELabs - CP-SETIS - EoT - EuroCPS	Matthias Althoff (University Munich) Holger Pfeifer (fortiss) Jürgen Niehaus (SafeTRANS) Oscar Deniz Suarez (UCLM) Olivier Thomas (CEA)
13:00	Lunch	
14:00	Industry Key-note	Roland Rosen (Siemens AG)
14:30	CPS Research and Innovation Actions 2104 - AXIOM - COSSIM - INTO-CPS - TAPPS - U-Test	Paolo Gai (Evidence S.R.L.) Andreas Brokalakis (Synelixis) Ken Pierce (Newcastle University) Christian Prehofer (fortiss) Shaukat Ali (Simula Research Lab)
15:30	Networking coffee / Poster Session	
15:45	ARTEMIS Vision and Intro to Association	Ad ten Berg (ARTEMIS-IA)
16:00	CPS Research and Innovation Actions 2016 - BONSEYES - CERBERO - CPSWARM	Oscar Deniz Suarez (UCLM) Francesca Palumbo (Uni Sassari) Riccardo Tomasi (ISMB)
16:30	CPS Coordination and Support Actions - Platforms4CPS - CPSSummit	Charles Robinson (Thales) Harald Rueß (fortiss)
16:50	Short Rapport & Synergy Session	Rapporteur / Panelists
17:30	End of the day
